

Supply Chain Traineeship Program (Production) Patras & Thessaloniki

Ημερομηνία: 2 Ιουν 2024

Τόπος: Πάτρα, GR, 250 18

Εταιρεία: HEINEKEN

Are you ready to start your career in Athenian Brewery?

Athenian Brewery, part of the Heineken group, is looking for young talented and highly motivated graduates willing to unlock their potential, to join our dynamic team who will learn and contribute to initiatives in our Production operations and grow to be part of our future-proof organization. At Athenian Brewery, over the last sixty years, we go beyond beers! We produce a better tomorrow and fill the glasses of the whole world with stories. We are proud of our products, which we create with authenticity, passion and love for quality, innovation and for the people who enjoy them, our consumers.

As a Production Trainee, you will have the unique opportunity to lay the foundation for a successful. In this 12-month program (starting from July 2024), you will have the chance to work in the two breweries (Patra, Thessaloniki), immersing yourself in innovative projects and collaborating with many stakeholders.

Why to apply to this program?

- You will be onboard in a specific designed traineeship program with assignments in various areas of Production.
- You will be part or lead problem solving initiatives related to line/departments performance or supervise specific projects.
- You will have the opportunity to live our company's values and participate in a diverse team, with great care and emphasis on facilitating each other's growth.

What we are looking for:

- Bachelor's degree in relevant subject to mechanical, electrical or chemical engineering or other related discipline.
- Strong academic performance.
- Previous experience in a technical field, preferably food manufacturing or consumer goods industry (as engineer or other similar position) will be considered plus.
- Excellent verbal and written communication skills in Greek & English.
- Excellent Knowledge of MS Office. AutoCAD & SAP knowledge will be a plus.
- Excellent organizational skills with a keen eye for detail.
- Curiosity and learning agility.
- Excellent communication and strong analytical skills, ability to work effectively within teams as well as independently.
- Agile interpersonal communication and problem-solving skills.
- Ability to relocate (mobility).
- Military obligations fulfilled (only for male candidates).

We believe our people are the heart of the company, so we do our best to empower and grow them.

We welcome and consider applications from all qualified candidates as we champion a culture of belonging that provides fair and equal opportunities for all!

If you are looking to start your career in production and advance your skills, we invite to you to be part of our organization!

A meritocratic assessment and selection process will be managed, providing all applicants with equal opportunity and confidentiality.
